Internship schedule: 4 Hours, Mon-Fri

STAGE-4: WHAT NOW ??

One thing for sure, by now you are a professional and not a novice. That's what we do differently !! Further i3D is poised to become the biggest in the world in its own vertical. i3D is committed to hire all its need of team (as and when it arises) from the successful candidates of our training programme. What this means is time and over, as the need arises, for hiring more team, the first preference will be given to the candidates enrolled in our learning programme. The hiring will happen conditional to the details mentioned (See terms and conditions).

In case we are unable to hire the candidate for whatever reasons, we will make sure he/she is made a professional who is well informed about the nuances of the industry and is plug n play for any professional company, which will make it easier for him/her to be hired by any architectural visualization studio having an opening. (Fact: Real Estate is the third largest GDP contributor in India and is growing by the day)

WHAT HAPPENS WHEN THE HIRING NEED ARISES IN OUR COMPANY ?

The successful candidates become the full time contractual employee of the India's leading Animation Visualization Studio, i3D. (Read T & C). The students would be offered contractual jobs of minimum one year to start with, and further which may be extended as per the requirement of the company and the performance of the employee. (Read T & C)

CERTIFICATES AND RECOGNITIONS

1. Training Certificate from JBMAcademy for Animation
2. Internship Certificate from i3D
3. Job Experience Letter from i3D (If hired after internship)
4. Portfolio of the students on the best of the projects from India and abroad (Read T & C)

TERMS AND CONDITIONS

1. We are committed to provide the best of the knowledge to our students.
2. The hiring will be unconditionally based only on the manpower needs of the company (as and when).
3. By offering this training, we are in no way bound to hire anybody.
4. When and if the hiring happens in the company, candidates with a minimum B++ grade in his/her course performance would be considered for further evaluation.
5. The studio reserves the right to reject any candidate due to any reasons not favorable to the organization.
6. All the successful i3D candidates will be kept in the freelance panel of the company. Time and again their services will be harnessed as and when required.
7. Students are entitled to receive only the work performed by themselves and not the entire project or anything that is not done by them. Also their show reel will carry branding of i3D on it.
8. The salaries mentioned in the FAQ's section is purely based on studio to studio experience. Being a creative field, there is no restriction to the top salaries. It is purely based on the talent.
9. Any delay or failure in the performance by i3D and its official bearers (herein called party), hereunder shall be excused if and to the extent caused by the occurrence of a Force Majeure. For purposes of this Agreement, Force Majeure shall mean a cause or event that is not reasonably foreseeable or otherwise caused by or under the control of the Party claiming Force Majeure, including acts of God, fires, floods, explosions, riots, wars, hurricane, sabotage terrorism, vandalism, accident, restraint of government, governmental acts, injunctions, labor strikes, other than those of Party, that prevent Party from furnishing the services promised. Also other events like that are beyond the reasonable anticipation and control of the Party affected thereby, despite such Party's reasonable efforts to prevent, avoid, delay, or mitigate the effect of such acts, events or occurrences, and which events or the effects thereof are not attributable to the Party's failure to perform its obligations under this agreement.

I3D STUDIO EXPANSION PLAN:

From a current team of around 25 people, we are gearing up to become the biggest in our segment by next 6-7 years, which will expectedly take the team strength to more than 300, which in simple words means a lot of good talent will be hired by the studio over next couple of years.

MORE PROGRAMMES TO COME FROM THE STUDIO IN THE NEAR FUTURE.

- E-learning Modules
- Non studio based general animation Training Modules
- Study center in Tier 2 and 3 Cities
- Special Modules for International Students
- Specialized advance courses in: Post Production | VFX Creative Development | Interior Design | Rendering

FREQUENTLY ASKED QUESTIONS (FAQ'S)

How experienced is the faculty who is going to take up the software classes?

ANS: It will be done only by experienced faculty of the industry under the guidance of our veteran production professionals.

Will the stipend be paid during the training period?

ANS: No. Involving students in production and providing the studio platform to them for 6 months is already a very expensive affair for the company. That is our uniqueness.

What is so different about JBM / i3D than any other institute?

ANS: i3D in collaboration with JBM is the first ever and only studio program by India's top most studio (Adi Group) which focuses on creating quality benchmark talents for our own studios as well as others by creating game changing methods of learning.

Can the fees be paid in 3 or more installments?

ANS: Maximum 3. (Amount would increase accordingly)

Can the student be absorbed in the Company itself?

ANS: Yes, based on the manpower needs of the company and the results of the training & test.

If Yes, what is the criteria?

ANS: The student should achieve a minimum of B++ grade in his exams and then there should be a hiring need in the company. This will be followed by entrance test.

If the student is not absorbed in the company, then what is the scope for the student ahead?

ANS: There are hundreds of existing studios and also upcoming studios, as real estate is a booming sector in multiple cities of India and abroad. The students will be provided with the experience letter as 3D trainee's from our reputed studio and not just a regular training certificate, which means they will have our brand value with them, wherever they go.

What would be the approximate salary after the completion of course?

ANS: 12-15K as a starter and in exceptional cases can be even earn more (Read T & C).

After 6 months of the software training who are mentors who would train the students?

ANS: The professionals from the industry who have been working on delivering services for multi-crore projects for last so many years. You can visit our studio for further details if interested.

How much experience do the mentors have?

ANS: Cumulative experience of just the core team is more than 75 years.

The classes will be held for how many hours each day in stage-1?

ANS: 2 hours / alternate days. (Thrice a week)

How many students will be there in each class?

ANS: 12-15.

Will diploma be provided to the students?

ANS: Yes.

What are the affiliations of the institute?

ANS: Technically NO, but in real sense YES from the biggest brand names we are associated with.

Can we leave the course in between?

ANS: No, currently we don't have the facility.

Will the fees be refunded?

ANS: No, because the number of seats are limited, and this being a unique studio programme, we plan out the schedule and team in advance.

Can you prove what you are saying?

ANS: Yes, the list of achievements, the list of big names in our client list, the most prominent work samples across 17 cities, the seasoned team members, the letters, the work orders and our studio environment and infrastructure says it all. Visit our studio for further details.

Are you ISO certified?

ANS: No.

What is the security of the student?

ANS: We are in the industry from past 20 years and we have been associated with the biggest of the names, the money generated in one production is much more than the fees of entire year of a student. So the knowledge we impart to him/her is much more than a security. In fact that we are the favorites of so many big names of real estate is itself a statement for all your security needs.

Can I get more reduction in the fees?

ANS: Yes, by student referral and conversion scheme.
